Mr. W.A. Townsend of 940 Central Ave. Plfd. N.J. reports as follows.

Dear Sir:-

I desire to submit report of slight accident which occured between the car I was driving (My own car passenger vhicle Reg. U8182 N.J. Drivers License 994466 N.J.) and the car (passenger vehicle registration U28172 N.J.) owned by Russell Hamlette, 802 Belvidere Ave. Plfd. N.J.

The accident occured at 7-15 P.M. Sunday, February 26. I was going south on Plainfield Avenue, at a speed of between 20 and 25 miles per hour and the car, bearing the license number U28172 N.J. driven by Mr. Hamlette, turned out just as I was passing it without giving any signal of intention to turn out from the curb so that I had no time to stop. My lights were turned on — two cowl light and a tail light. My car was badly damaged on the front right and rear fenders. On the other the left front fender was damaged, also the hub cap and bumper, and it was claimed his left front wheel was out of line.

Remarks

We had visited a friend about a block above the scene of the accident and had just started the car from there. We were coming east on W. 3rd St. and I saw the other car coming at a great speed, from 40-45 Miles over Evona Av. I slowed up as much as I could and the car was completely under control, otherwise I would struck the centre of the car, instead he caught the bumper of our car and dragged us resulting in the car losing its balance and we ran into a tree.
